1. Must read

One great book giving method and perspective to organize the creation of business models: Business Model Generation

A book focusing more on the entrepreneurial side of value creation, giving methods to shape value proposals and iterate on them: The Lean Startup (Links to an external site.) (available at the Learning Hub) + companion website (Links to an external site.).

A book focusing on the concept of value proposition: how to define the core value creation of our business?

- → https://strategyzer.com/books/value-proposition-design (by the team who created "Business Model Generation")
- + Blue Ocean

The end
